

Display Screen Equipment (DSE) Assessor

This course is designed to provide delegates with an appreciation and understanding of Display Screen Workstations, the health related issues and the correct design and layout. Delegates will be given the knowledge on how to conduct the basic first level DSE Assessment (as per HSE guidance) and define where an expert is required.

Who Should Attend: All level of employees, or those who have a general interest in gaining the qualification, and need a clear understanding or who will carry out Display Screen Equipment Risk Assessments to ensure and provide a safe working environment for their staff.

Course Content:

- Display Screen Equipment legal requirements
- Health conditions relating to display screen equipment
- The Principles of Accident Prevention
- Legal requirements, Risk Assessment
- Ergonomics
- Evaluating results and selecting suitable control strategies
- Practical exercises

Course Duration: 1 Day

Course Materials: Comprehensive course manual issued to each delegate

Intended Outcome: On completion of the course the delegates will have knowledge and understanding of the requirements for the risk assessment and will be able to conduct suitable and sufficient DSE risk assessments within their workplaces.
